

BIRTHDAY PARTIES

Thank you for choosing Trivium Games for your party!

Birthdays at Trivium are great for kids 10 and up. We can tailor the support needed depending on the ability of the players. Generally, kids 12 and up can drive most of the action. At least one adult chaperone is required with children under age 18. If children under 12 will be participating in the event, we ask that you plan for 2 chaperones. There is no charge for up to two chaperones when booking a party for 6 or more children. We recommend booking for the minimum number of players expected and adding additional players on site when you arrive.

For all birthdays, a special birthday message is left in the lobby to greet the guest of honor when they arrive. In addition, a complimentary birthday card and commemorative pin are hidden in the room to be found during the game.

For groups wanting to celebrate with refreshments before or after the game, please let us know and we will be happy to provide a list of nearby restaurants based your preferences. Please note that we do not have suitable space on site for this and food and drink are not allowed in the game.
